

NEW **NSP** N620s VR GLASSES 3D **VR UNISOUND** WITH HEADPHONES 3.5"-6.2"

The time has come to live an unprecedented state of the art experience with the help of **NSP**. The new glasses (mask) **NSP VR uniSound** will make you live special moments and be yourself protagonist of your own game in one reality beyond any imagination. Inside ergonomically designed glasses (mask) provide you the ability to move and you realize images up to 360 ° to all directions. It is suitable for **Smartphones with Android, Windows, & ios operating system and display from 3.5 " - 6.2"**.

They are very easy to use anyone who wants to live this magical experience. Press the button on top of glasses to open the cap, place your device in the recesses and you're

ready for a journey into a virtual world. Downloading any application from **Google Play, the App Store or Windows Store compatible with Virtual Reality Glasses**, you have one enjoyable viewing experience.

Virtual Reality Glasses VR NSP's uniSound give the chance to people suffering from myopia, wearing their glasses to use the device by adjusting the distance between the lenses from the washer to the top of the glasses and the focal length of the lens from the sides of the glasses.

Use **VR uniSound** to watch movies, enjoy private super screen like **IMAX (Image Maximum)** for stunning visual enjoyment. **High quality headphones** give you the great advantage of having full sound of your mobile phone from the side earphones without getting distracted by the external noises but only being focused on the sound of the glasses.

Fantasy games, enchanting movies and endless other possibilities in modern stereo sound to your ears. They can also be used **outdoors without disturbing those around you** all you have to do is connect the jack in the slot of your device.

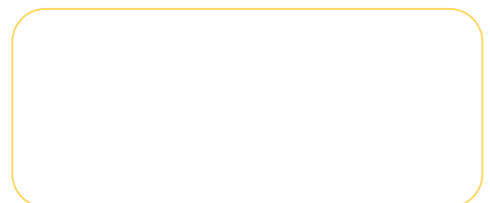

5205308194443

The **VR uniSound** is fitted to each head as it has **adjustable arms headphones and adjustable straps for the top and sides of the head**. Finally, for more comfort they are **coated with soft foam (Memory foam)** in order to be able to get used for many hours without being pressured and tired. "Are you ready to enter the game for good?"
